The hi-value birding sites within my territory (in my order of preference):

Seiberling Naturealm

Sand Run Parkway (Portage Path to Revere Road)

- breakout:

1) Revere Road to Sand Run Road

2) Portage Path Road to Sand Run Road

(Paved trail on full length); Each of these 2 sections are ~ 1 Mile)

South Hawkins Park (Hawkins Road dead-ends at Park.) Worth checking out but not very birdie.

That is the extent of my territory, except for Stan Hywet Hall which is by permission only and only on CBC day
(Notify them a day ahead.)
